**FOR IMMEDIATE RELEASE**

**OneAsia with IPC Partners to Provide Financial Market  
Connectivity into China**

*Solution enables secure, compliant trading and risk management in world's most populous nation*

As a leading provider of connectivity, datacenter, managed cloud and technology infrastructure services in Asia, OneAsia equips institutions around the world with reliable, secure connectivity and technology in the Chinese market. Today, OneAsia is happy to announce a partnership with IPC Systems, Inc., a leading global provider of secure, compliant communications and networking solutions for the financial markets community.

“Our relationship with OneAsia allows us to provide IPC’s global community with connectivity to the growing Chinese capital markets with both domestic and international connectivity solutions.” Said David Dodd, Senior Vice President and Managing Director, Asia-Pacific, IPC.

Via the connectivity of OneAsia, the IPC Financial Markets Network (FMN) ecosystem - a dynamic community of more than 6,000 member locations across 700 cities in more than 60 countries, runs on smoothly with incredible speed and stability across major Chinese financial centers to facilitate connectivity to the Chinese financial markets and community.

“The continuous rapid growth in the Chinese financial market demands wide coverage as well

as secure and resilient interconnectivity among both Chinese and global capital market participants,” said Charles Lee, Founder and CEO of OneAsia. “Combining our strong fiber network, cross-border interconnectivity and technical support with IPC’s robust Financial Markets Network will help take investor confidence and participation in our region to the next level.”

### **About OneAs1a**

OneAsia is a leading IT services and solution provider in Asia providing cloud based solution as well as data centre services. Partnering with technology leaders, OneAsia is able to offer a full range of cloud computing solutions, from infrastructure, management to application software to business of all sizes. OneAsia’s top-tier rated data centres keep our customers connected from anywhere in the world with consistent levels of quality, security and service.
