OneAsia Unveils Share Anywhere for Data Sharing

Flexibility, adaptability and security are the utmost important factors to enterprises today. If they were neglected, companies will be greatly affected. An effective cloud-based storage allows companies to take advantages on cloud computing so as to allocate resources and share information more effectively and efficiently.

OneAsia Share Anywhere is one of the core elements of Cloud Anywhere product profolio. As compared to the traditional model, OneAsia Share Anywhere is able to bring companies a more systematic and flexible IT infrastructure. Leveraging on the most advanced OneAsia cloud platform and solutions, Share Anywhere allows users to **store, share and synchronise data anytime, anywhere** as long as Internet is available. As it is a **highly secure file sharing solution**, users have the flexibility to **share files with multiple authorised parties, edit them** together with other party from any connected electronic devices. What's more, Share Anywhere enables user to upload multiple huge size files simultaneously, **the time taken to upload file will be greatly reduced.**

Charges are on **pay-as-you-go basis** and the amount is based on volume of usage. Hence, customers do not have to worry about additional costs incurred. Comparable to other cloud solutions offered by OneAsia, Share Anywhere is secured with multi-layered protection ensuring that data are transmitted through highly encrypted and well protected network

亚洲脉络推出数据共享方案-共享云

灵活性、高效率及安全性是现今企业营运的决胜条件，若忽视对此的重要性，会对企业带来负面的影响。因此，一个适合的云储存方案可充分发挥云计算技术的优势，让企业更有效，更安

全地分配和共享资源。

共享云为亚洲脉络其中一个重要的云计算服务。与传统的方案比较，亚洲脉络的共享云能为企业提供一个有系统和弹性的信息科技基础设施。透过亚洲脉络先进的云平台和解决方案，客户在连接互联网后可以**随时随地进行档案存储、共享及同步数据**。另外，共享云高度**安全的共享档案方案**也让客户可以透过任何电子设备与其他用户**共享及修改档案**。由于亚洲脉络的共享云可同时间上载多个大容量的档案，因而**大大缩短了上载档案的时间**。

共享云的收费是**真正按需付费**，收费会按每个客户所需要的存储容量而计算，无任何额外附加费。一如其他亚洲脉络提供的云计算方案，共享云基建符合产业所订的保安标准，确保数据在网络传送过程中得到加密和保护，让客户可以更放心地使用共享云服务。

如欲查询更多有关云共享方案的资料，欢迎电邮至 info@oneas1a.com 与我们联络。

OneAsia Provides Private Cloud Solution for Vertex

OneAsia has recently been awarded a contract with a leading US high quality flooring manufacturer – Vertex, for providing the private cloud solution.

Leveraging OneAsia's virtualisation technology, Vertex is able to consolidate a large number of servers to a fewer physical machines and to remove the dependency on a particular hardware model. With OneAsia's private cloud solution, the uptime of the servers has also been increased so that the business continuity of the company will be improved. More importantly, customer can now manage its IT resources dynamically, making it easier to move from a virtualised data center to private cloud. The new private cloud solution allows users to access data almost anytime, anywhere.

亚洲脉络为 Vertex 提供私有云服务

美国知名地板生产商 Vertex，最近决定采用亚洲脉络的私有云服务。

透过亚洲脉络虚拟化的技术，将 Vertex 现有的整合服务器数量大大减少和消除了服务器对特定硬件的需要。亚洲脉络的私有云解决方案亦增加了服务器的运作时间，让客户业务的连续性得

以提升。而最重要的是，客户现时可以更多样化地管理和分配资源，更容易地将数据从虚拟化的数据中心转移至客户的私有云，让客户随时随地获取数据。

OneAsia Provided Business Intelligence Tools to Various Enterprises

OneAsia was appointed to provide its flagship business intelligence tool, Tableau Software, to various local enterprises, including Towngas, R-pac and Vertex.

Tableau Software is a user-friendly business intelligence tool allowing users to make remarkable results, turning raw data into business insights at their fingertips. Tableau Software helps companies in analysing,, visualise and share information efficiently. Engaging with Tableau business intelligence, the enterprises are now able to analyse massive data and generate sophisticated reports in just a second, comprehending data better through pictures for making strategic decisions, business strategies and future forecasting

亚洲脉络为不同企业提供商业智能工具

亚洲脉络受本地不同企业委托为其业务提供商业智能工具 Tableau Software，包括煤氣公司、R-pac 和 Vertex 。

Tableau Software 是一个简单易用的商业智能工具，让客户能轻易地将原始数据转化为业务先机。Tableau Software 可有效地为企业进行数据分析、视像化和共享信息。Tableau Software 商业智能工具在短短几秒钟内就能夠将大量数据分析和作出报告，让客户透过视像化的分析作出战略决策，业务策略及预测。

A leading telecom operator in Malaysia had appointed OneAsia to manage its newly established data centre at Kowloon Bay, Hong Kong. With an area of over 15,000 sq ft,

OneAsia managed the entire data centre 24 x7, from operation, technical support to customer services. This project was oversees by a team of experienced specialists, allowing the customer in to optimize its resources and able to focus on more on strategic projects.

亚洲脉络承接著名马来西亚电信运营商数据中心合同

著名马来西亚电信运营商委托亚洲脉络为其于香港九龙湾成立的数据中心提供管理服务。亚洲脉络为其面积超过 15,000 平方尺的数据中心提供了 24 x7 的系统营运、技术支援和客户管理服务。该项目由经验丰富的团队负责，让客户能优化业务资源的同时亦能发展其他的战略性项目。

A Leading System Integrator Chose OneAsia's Private Cloud and Backup Anywhere Services

A leading system integrator company primarily focusing on delivery of enterprise software solutions in Greater China engaged with OneAsia's Private Cloud solution and Backup Anywhere service. As such, OneAsia's Backup Anywhere service had made extreme improvements on the data recovery and backup system of the company. Backup Anywhere allows the company to do data backup and restore files within short time frame so long as internet is made available. Also, both Private Cloud solution and Backup Anywhere service had reduced the time taken and resources needed on maintaining the company's IT storage infrastructure and intensive backup process. Thus, the company could invest theses resources on other core competences of the business.

知名系统集成商选用亚洲脉络的私有云和后备云服务

主要为大中华地区企业提供电子商务解决方案的知名系统集成商，最近选用亚洲脉络的私有云和后备云服务。亚洲脉络的后备云服务大大改善了客户的数据复原和后备服务系统，让客户在网络连接下能迅速进行数据备份和档案复原。此外，亚洲脉络的私有云和后备云服务亦有效减少客户于维护信息科技储存基建和备份过程中所需的时间和资源，因此，客户能将更多资源投放在其他重点业务上。

OneAsia Delivers Private Cloud Solution to a Health Care & Beauty Services Provider

A local health care & beauty service provider had commissioned OneAsia to deliver private cloud solution to handle its' massive trading data and clients' information. The company had been through various trials with services providers and highlighted OneAsia's private cloud solution to be the ideal solution, providing high stability and high degree of security service with our past outstanding performances.

According to the customer's requirements, OneAsia customised the cloud solution and enabled it to move to the cloud without compromising performance or security. In the leading position of the industry, the health care & beauty company has a large number of data to share among different departments on day to day operation. The utilisation of OneAsia's state-of-the-art cloud solution had significantly reduced the time and hassle in sharing company data internally therefore, enhancing efficiency and accuracy of the transmitted data.

亚洲脉络为养生及美容产品公司提供私有云服务

亚洲脉络最近受一间养生及美容产品公司委托提供高度安全的私有云服务，以便处理其大量的交易数据和客户资料。客户试用过其他公司的云服务后，最后选择亚洲脉络的私有云服务，原因是因为亚洲脉络提供了表现极稳定的服务和极安全的解决方案。

亚洲脉络根据客户要求提供了度身订造的云解决方案，而将数据转移到私有云的时侯，服务亦不受到任何影响和安全威胁。作为市场上的领导者，每天都有大量信息需于不同部门传阅，而亚洲脉络高级的云解决方案能显著地减少内部传阅和共享文件的时间，从而提升客户的工作效率和准确性。
